EE MEN INDICTED R SHOOTING MILNER

Charged With Assault with Intent to Murder.

IS GIVES A $1,000 BOND

Dorsey Was Carried Back to esboro and Will Be Released on ne Bond—Milner is Still in Critl Condition.

esboro, Ga., Sept. 3.—L. L. Dor- and Otis Dorsey, of this place, of the late B. H. Dorsey, who killed by Leon T. Milner, and ur L. Norris, of Atlanta, cousin e Dorsey boys, were indicted by grand jury Friday afternoon for assault with intent to murder, the ctment charging the three men assault on Milner a few minutes r he had been acquitted of the rge of murdering the elder Dorsey. orris was arrested here, and giv- the $1,000 bond assessed by Judge n, returned to Atlanta. L. L. rsey was brought back from At- ta and will be released on the same d. Otis Dorsey has not yet been prehended.

Milner is still in a critical condi- n and may die at any time, though doctors says that it will probably several days before they can give definite decision as to his chances r life. Though having no body ounds, the bone of his right thigh shattered halfway to the knee and is feared that it will be impossible prevent blood poisoning.

It is believed that further search for tis Dorsey is useless and that he will give himself up in a short time.

The August term of Clayton supe- ior court adjourned Friday afternoon and unless a special term is ordered by Judge Roan, the two Dorseys and Norris will not be brought to trial until February. Judge Roan has given no notice of ordering a special trial.

It is said that testimony was giv- n before the grand jury by men laiming to have been eye-witnesses o the shooting and that one bailiff ays he held one of the assailants for short time and is sure of his iden- ty. Nothing further is known as to e nature of the testimony and the ction of the grand jury is the only in- ication of their opinion.

While it is generally felt that the ttack on Milner came as the result f high feeling and though some sym- athy has been expressed for the men ho did the shooting, the conserva- ive citizens of Jonesboro and Clayton ounty are incensed over the affair, especially as the trial had been con- ducted in such an orderly manner. It is generally believed that no one has thought of precipitating a family feud in this community.

While Milner's condition is critical, his physicians think he may recover.

AUTHRACNOSE INJURES COTTON

Disease Plays Havoc in the Cotton Fields of Butts County.

Atlanta, Sept. 3.—As the result of fear that the boll weevil has reached Georgia, Assistant State Entomologist A. C. Lewis visited Flovilla, in Butts county, to investigate the destruction of cotton there by some mysterious disease of the plant.

Mr. Lewis has just prepared his report upon his investigations around Flovilla, showing that the cotton there is suffering seriously from a disease known as anthracnose, and that the destruction in that section is quite extended. He pronounces the boll wee- vil scare unfounded, however, saying that no boll weevil or any other insect destructive to cotton was found in any of the fields.

He did find, however, that many of the stalks had from one to three bolls diseased with anthracnose, and some as high as 17 bolls. Cotton anthrac- nose is a vegetable or fungus disease, which works mainly on the cotton bolls, causing them to rot and decay. It is caused by a parasitic plant of a low order, growing on the cotton bolls. Its extensive development in certain sections of the state this season is said to have been due to the extreme- ly wet weather conditions.

State Entomologist R. I. Smith and his assistant, Mr. Lewis, recommends careful selection of seed and rotation of crops, as the best remedy for this disease. Mr. Lewis says no seed should be saved from those fields that are diseased unless from carefully se- lected plants which have resisted it. Only by using seed from strongly resisting plants has the disease known as "black root" been largely eliminated.

Absence of anthracnose was espe- cially noted in those cotton fields which were planted in corn or pota- toes last year. He says it would be best to replant in cotton next year those fields where the disease ap- peared this year. In concluding his report, he says:

"In fact, we believe, and our belief is backed by experiments, that wheth- er cotton planters have cotton affect- ed with anthracnose, black root, etc., or not, it will repay them to practice rotation of crops and careful selec- tion of seed."

Three Killed by Lightning.

Troy, Ala., Sept. 3—Near Brundidge, in this county, three people were in- stantly killed by lightning Friday af- ternoon. The dead are Newt Graves and his two grown sons, John and Bascom, all white men. They had been covering a house when a small cloud and shower came up, and they went into the house and sat on the sleepers during the rain. Suddenly a flash of lightning struck the house, killing three men and seriously shock- ing Julius Bowden, a white man, and Dennis Smith, an old negro man. Newt Graves and Bascom Graves were in- stantly killed, but John Graves lived perhaps five minutes. Bowden and Smith are not fatally injured. The white men are prominent people of their section.

Rumors of Criminal Prosecutions.

Philadelphia, Sept. 3.—The creditors of the Real Estate Trust company, which failed last Tuesday are still without any definite knowledge of the true conditions of the institution. Up to the present the best information they can obtain from the receiver or directors is that they believe depositors will get most of their money back. Receiver Earle is giving con- siderable attention to the matter of responsibility for the condition of the Trust company. There are rumors of criminal prosecutions, but thus far nothing has been done.

Seventy men have taken up arms at Moron, that province, led by Garcia Canizares, speaker of the house of representatives during the liberal ascendency in that body. The members of the band openly equipped themselves and left the town in an orderly manner. The mayor of Mo- ron soon summoned the rural guards in the vicinity and followed the in- surgents with the purpose of engag- ing them.

Ranchuelo, near Cienfuegos, was raided by a band of 200 insurgents, Friday. All the horses and contents of the treasury, $1,700 was taken.

Thirty rural guards have started from Cienfuegos for Santa Clara on an armored train.

Vets To Meet At Savannah.

Savannah, Ga., Sept. 3.—A meeting of the committee of Confederate Vet- erans, presided over by Captain F. D. Bloodworth, having in charge the arrangements for the state reunion, was held Friday afternoon, and Nov. 13 and 14, inclusive was chosen as the time for the reunion. Arrangements will be made to give the Georgia veterans a hospit- able welcome and a pleasant stay in Savannah.

Dispatcher Was Dicharged.

Montgomery, Ala., Sept. 3.—United States Commissioner Elsmore Friday held the Erdman law of congress un- constitutional and discharged Frank Young, a dispatcher of the Louisville and Nashville railroad, from custody. They say it has been his habit for more than a year. The greatest indignation is expressed at the horror of the crime alleged. The neighbors had suspected something wrong and an investigation led to the arrest. The girls allege that he had threatened to cut their throats and throw them in the river if they told on him.

MOSS TO STAND TRIAL.

Is Charged With Crimianlly Assault- ing Lyons Girl.

Lyons, Ga., Sept. 3.—Superior court is in session here with Judge B. T. Rawlings presiding and Solicitor Her- rington as prosecuting attorney. Three days were taken up in the trial of two damage suits, both against the Macon, Dublin and Savannah Rail- road company. The chief interest here centers in a case of criminal as- sault, the parties being both white.

The accused, George Moss, is rep- resented by Colonel Cowart, of Ly- ons, and J. R. Cooper, of Macon.

The crime was alleged to have been committed on the 25th of July, this year, the alleged victim being a young girl of 13 or 14 years. Sentiment is divided as to the guilt of the accused. The case was sent for Saturday.

Every phase of the case will be stub- bornly contested, as the state is as- sisted by Colonel Giles, of the local bar, and the defendant's attorneys are recognized as being strong criminal lawyers.

The new county of Toombs is mak- ing quite a reputation for the volume of business being done in a legal way. About one hundred true bills are ex- pected to be found. There are now something like one hundred and fifty cases on the civil docket, and thirty to fifty old criminal cases, together with new criminal business.

There is a demand by a good many of the people of the county for a city court, as the business is becoming con- gested, and it is almost impossible to try one-fifth of the cases now be- fore the superior court.

Burglar Receives a Jolt.

Fitzgerald, Ga., Sept. 1—The store of C. B. Peeples, in this city, was burglarized, but it is believed that the burglar was frightened away before he had secured all the goods he in- tended to carry away. A lot of knives were stolen, and the office ransacked for money. An entrance to the store was effected by raising a bar across the back door, and the burglar fell into a partly completed cellar as he stepped into the store. The opening to the cellar was covered by a trap door in the day, but it was left up last night, and the burglar went headlong into it. It is presumed that he was not hurt by the fall, and managed in some way to get out of the hole, after- wards proceeding with his work of stealing.

Fitzgerald, Ga., Sept. 3.—Mrs. Geo. Robinson, the fifth victim of the ty- phoid fever epidemic, which has been raging in the Moore and Robinson set- tlements, a few miles north of Naylor, in this county, passed away this week. The fever raged with great virulence, and was confined to the Peters, Rob- inson and Moore families, many of them contracting the disease while nursing their relatives. Physicians have not yet determined fully the cause of the fever, but reports from that section state that the situation is better, and it is believed that the doc- tors will soon have the scourge un- der control.

The next convention will convene at Carrollton, it being unanimously selected.

TRAIN ON FIRE; CAUSED A PANIC

Men Fought to Get Out of Smoke Filled Cars.

WOMEN FAINT IN EXCITEMENT

Exciting Scenes In New York Sub- way as Result of Fire on an Ex- press Train—Passenger Threatened to Attack Conductors.

New York, Sept. 3.—There were exciting scenes in the subway Friday night as the result of a fire on a south-bound express train at the Four- teenth street station.

Traffic was tied up for 35 minutes and conditions became so intolerable on many of the trains that passen- gers threatened to attack the conduc- tors and wreck the cars if they were not allowed to disembark and make their way along the tracks to the stations.

Some of the conductors refused to open doors or move the trains so that the passengers could get off, and it was only after women had fainted that they gave in and the trains then groped slowly through the smoke that filled the tube to the stations.

Many trains were stalled until the traffic was resumed and hundreds of passengers had to swelter in the cars. Stifling smoke filled the subway from about Twenty-third street to the Brooklyn bridge station.

Trains were stalled all along the line, and thousands of people swelter- ed and fumed and choked in the cars.

The fire was caused at the Four- teenth street station by a short cir- cuit in the motor box of the Sixth car of the train. There was a sharp report, followed by a sheet of flame, which shot from underneath the car and enveloped the rear platform. The motorman heard the report and im- mediately brought the train to a stand- still, before the first car had passed the platform. The blue flame that lighted up the subway scared the pas- sengers; women screamed and fainted, while men made a bee-line for the doors and fought their way out to the platform.

The guards and station men had to look after the women and get them out of the burning car. Those who had fainted and the hysterical ones had to be carried out bodily.

The current in the third rail was quickly turned off, and the train crew fought the fire with sand for twenty minutes before it was under control. The train was then started down to- wards town. Before it reached the Brooklyn bridge it got afire twice. No passengers were aboard it then, but a number of people waiting for trains fled to the street.

San Francisco, Sept. 3.—In all, 452 persons lost their lives as a result of the disaster of April 16. The fig- ures given relate to the deaths prov- ed to have occurred. Four hundred and twenty of the dead were white, the rest Chinese, Japanese and ne- groes.

Desperate fighting followed and a general alarm was sounded by the garrison. Among the killed was a mother who had a babe at her breast.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. LABOR DAY QUIET IN GAINESVILLE

No Demonstration Other Than Parade of Two Unions.

ABOUT FIFTY IN THE LINE

The Painters' and Carpenters' and Joiners' Unions Paraded the Principal Thoroughfares—Shops and Factories Closed For the Day.

Labor Day, which has beco ne in recent years more enthusia-tically observed ip the South, passed quietly here, there being very little demonstration. The only happening of note was the parade in the afternoon, which was participated in by the painters' and carpenters' and joiners' unions, about fifty workmen being in line. No other branch of labor was represented in this parade.

The banks and postoffice and a few stores were closed. A number of factories also shut down in commemoration of the day, as a compliment to their employes.

Rev. Mr. Way Returns to Dalton.

Rev. E. W. Way, formerly pastor of the First Presbyterian Church in this city but now of Dalton, Ga., after a visit of two or three days here, left for his home yesterday. His numerous friends here were glad to welcome him again, but regretted very much that he was summoned here on a sad mission, that of officiating at the funeral of Mrs. Harry Lee Jarvis, who died Friday. He also officiated at the funeral of Captain A. W. G. Tolbert Monday morning. Mr. Way delivered an interesting sermon at the Presbyterian Church Sunday morning and visited the Sunday school in the afternoon, greatly to the delight of his many Gainesville Sunday school friends. He is an especial favorite of the children.

Removed to Lady Lake.

Mrs. George Beck and children left yesterday for Center Hill, which place they will make their future home. Mr. Beck, who is one of the most successful truckers in the country, has been operating a farm at Rocky Point for several years, but decided recently to go further south. He has assumed the management of a nice farm near Center Hill, and will cultivate the same. While friends of Mr. Beck and family regret very much to lose them, they wish them much success, happiness and good health in their new home.

Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed *free* to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $30,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

CAPTAIN TOLBERT DEAD.

Succumbed Sunday to Paralysis, After Illness of Few Days.

Captain A. W. G. Tolbert, one of Alachua county's pioneer citizens, died at his home in this city at 1 o'clock Sunday afternoon of Paralysis, aged seventy-six years.

Deceased was born in Alabama in 1830. After the Civil War, in which he served with courage and distinction, he came to Florida, settling at Arredondo, and up to a couple of years ago, when he came to Gainesville, resided there.

Captain Tolbert's death removes from this section another old landmark, one of many who have noted the steady progress of the city and county.

Deceased is survived by his wife, two daughters and one son. One of his daughters is married and resides in Georgia, while the other, Miss Kate, was at the bedside when the end came. The son has been in Cuba for several years.

The funeral was held from the residence at 10 o'clock Monday morning, Rev. E. W. Way of Dalton, Ga., officiating. The interment was in Evergreen cemetery, and many friends accompanied the remains to their last resting place. There were many handsome floral decorations.

The sympathy of friends is extended to the family of the deceased.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. HALL LOST AN EYE.

Painful accident in Palatka, Which Caused a Great Deal of Trouble.

Through an accident which occurred while employed at a sawmill in Palatka, Ben Hall, a well known and industrious colored man who calls Gainesville his home, has lost an eye. Hall, it appears, was working about a saw in operation, when a sharp splinter struck him in the eye. Failing to find relief in Palatka he was brought to this city, when Dr. Hodges performed an operation, finding it necessary to remove the eye to preserve the sight of the other.

Hall was out for the first time Sunday since the operation. With the exception of the loss of the eye, his condition is all that could be desired.

DEATH OF MRS. GRISSOM.

Well Known and Beloved Lady Has Passed to Her Heavenly Reward.

One of the saddest deaths which has occurred in this city for many years was the demise of Frances, the beloved wife of J. R. W. Grissom, which occurred at the home of her grandson, John F. Seagle, at 5 o'clock Sunday afternoon, from the effects of paralysis.

Deceased was born in Effingham county, Ga., September 22, 1829, hence would have been seventy-eight years of age on the 22d of the present month. She came to Florida when quite a young girl, settling in Alachua county, since which time she has resided here. She was one of the oldest residents of Gainesville, having resided here continuously for forty-seven years. She had the pleasure of seeing the city grow from a black-jack hamlet to the present time, and, with her good husband who survives her, it was deeply interesting to hear her relate the past history of the city.

Deceased is survived by her husband, four brothers, John, Solomon, James and Dan Zetrouer, two sisters, J. T. Collins and Mrs. Carolina Tillman, all of Rochelle; two granddaughters, Mrs. J. S. Bashaw and Miss Ora Seagele, and one grandson, John F. Seagle, of this city, to whom the sympathy of the community is extended.

The funeral was held from the residence of Mr. Seagle, 401 East Main street N., at 3:30 o'clock Monday afternoon, Rev. T. S. Nixon of Kavanaugh Methodist church, officiating. The services were largely attended, and the floral offerings where numerous and handsome. The came from everywhere, which were evidence of the high esteem in which the deceased was held. The interment was in Evergreen cemetery, and the funeral cortege which accompanied the remains to their last resting place was one of the largest seen here for some time.

Deceased was married in 1848 to Robert Walker, a very prominent man of his day. Her husband lived only a few years, however, and but one child, a daughter, was born to them. This daughter was Mary Walker, who afterwards married F. V. Seagle. She has been dead for more than twenty years. In 1859 she was married to Mr. Grissom, and since that time they have lived happily together. She was a devoted member of the M. E. Church, South, and up to a few years ago took an active interest in church and religious work.

While the death of this noble Christian lady was no surprise, owing to her advanced age and the fact that she had not been in the best of health for some time, it was nevertheless received with profound sorrow by every citizen of Gainesville, especially those who knew her more intimately.

JOHN BEARD AND THE 15TH AMENDMENT.

If the plans as outlined by Hon. John S Beard and his construction of the laws of the United States are correct, he will become the best known man in the Southern States and will be able to receive any office within the gift of our people.

Mr. Beard has for several years been looking up the statutes of the legality of the 15th amendment to the Contitution of the United States and has had the legal opinion of some of the ablest constitutional lawyers in our State and has his brief in such stage that he will be able to introduce a measure in the next State Senate, of which he is a member, depriving the negro of the right to vote. This, of course, will be to make a test case before the supreme court of the United States, and from the preponderance of authority already on hand by that supreme body Mr. Beard believes that the decision willl be in favor of the annullment of the 15th constitutional amendment.

The amendment reads as follows:

The right of citizens of the United States to vote shall not be denied or abridged by the United States, or any State, on account of race, color or previous condition or servitude.

This amendment if annulled would put the negro on a plane with the Chinaman, Japanese, Mexican or Indian, in that he would be debarred from voting.

Mr. Beard, who has given this subject much thought and delving, claims that the Supreme Court has already decided in a test case "that the seceding States were never legally out of the Union; that while they rebelled, they were in point of fact still component parts of the Union."

This being conceded by the court, Mr. Beard contends that as there were no members present from the South the constitutional amendment was not legally passed, as the constitution requires that any amendment must be passed by a two-thirds vote of both houses of the National Congress and ratified by three-fourths of the States.

Mr Beard, therefore, contends that as the South at the time Congress passed the bill proposing this fifteenth amendment had no representation whatever in Congress, and that as it never went out of the Union, as the Supreme Court has decided, they were entitled to this representation, and no law was valid without a majority vote, and no law proposing an amendment to the national constitution valid or binding unless it received the vote of two-thirds of both houses, including the representation of the seceding States.

Mr. Beard further contends that the journal of the national house shows that not two-thirds are recorded as being present the day this amendment was passed, but that it was rushed through on a viva voce vote, a clear violation of the Constitution itself. In addition it required three-fourths of the State Legislatures to ratify this amendment, and the seceding States were coerced in this ratfication by the threat that they would not be given back their status in Congress unless they did ratify it, and under this coercion they did so.

Mr. Beard has had the draft of his bill for many months and it has been submitted to the best legal talent for their approval and suggestion and he expects to make this the fight of his life, and it was for this reason that he received such a flattering vote for Senator.—Pensacola News.

As a friend of Hoke Smith, Democratic nominee of Georgia, recently publicly stated through the press that in his first message to the Legislature he would recommend identically the method of disfranchising the negro as Mr. Beard proposes, The Sun would like to know whether the idea origited with Hoke Smith or John Beard. The language used above is almost identical with that credited to Hoke Smith's friend.

However, the negro is very effectively disfranchised in Florida, and The Sun sees no necessity for the passage of any such bill as that proposed by Mr. Beard. It would simply involve the State in litigation which would result in no good.

Country life has its drawbacks, but it has its great advantages which overcome them. True, those who live in the country are "Rubes" and "farmers" and "hayseeds" to the cigarette smokers in town, but the boast of the business men in the world today is that they were born on a farm. Take away the surrounding evils that beset the young men or women on the threshold of life's journey in the city, and substitute the helpful influence of nature, and you fortify them for the sterner walks in life. The few things which they do not know about table etiquette and when it is proper to leave two visiting cards and when but one, they will catch onto much quicker than the city boys and girls will learn to properly stroke the furnace or make good bread. No boy or girl need be ashamed of living on the farm, for if they have taken advantage of what it has offered they are well fortified for after life.

That young man who thinks he is poor because he has no bank account, little understands the value of God's free gift of health and strength, little appreciates the fact that the brightest and best of the country are self-made, and come to the notice of the world from just such beginnings. Not by idly moaning that they are poor, but by going carefully to work, perfecting themselves, in their chosen pursuits and becoming so useful to those about them that their services are always in demand, whether it be on the platform, in the shop or in the kitchen, for all are honorable alike.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The railroads are not fighting the drainage of the Everglades. They have everything to gain and nothing to lose by the reclamation of these lands, for it will in no way effect the result of the suit now pending in the courts to require the Trustees of the Internal Improvement Fund to deed the lands to the railroads granted them by act of the Legislature.

Notwithstanding the fact that Senator Tillman had no opposition in his candidacy for renomination for United States Senator, he was scratched by one third of the voters in the recent primary in South Carolina. The Honorable Mr. Lumpkin now no doubt regrets that he did not stay in the race against the Senator.

While the trusts by extortion increase living expenses, there is no economy in bacheriorhood. From an economic point of view, it is far easier to get along with a wife than without one. An old bacheior, who can prosper in this monopoly ruled age, is a bird, whether he can exhibit any pinfeathers or not.

This is the age of women. We find all the avocations, professions and trades of life opening their doors to admit the enterprising women. Some are going into their own, and some are going into other people's business. In our admiration for the new woman there is danger of forgetting the wife and mother and woman's true sphere as a home-maker.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

CHIRSCHMUS.

A Swiss Dainty That Is Made of Preserved Cherries.

Last summer I ate genuine Swiss chirschmus twenty years old. It tasted like a concentration of all the richness and sweetness of the most perfect cherries. In appearance it was a purplish black mass. Age had not impaired it in the least.

Upon inquiry I learned how this cherry concoction, with its wonderful preserving quality, is made. The cherries used must be perfect—very large, ripe, juicy black ones and, above all, very sweet.

The juice of them pressed out and strained through a bag is put in a large preserving kettle, at the bottom of which is placed a piece of smoked pork fastened to a block of wood. The wood serves as a weight to keep the meat down and prevent the juice from burning as it thickens.

The cherry juice is boiled for about twenty-four hours without sugar, but stirred from time to time until it becomes a mass of sweetness so firm and thick that it would not fall if the kettle were inverted.

That is all, a simple process, but the result is delicious. This chirschmus is in general use in Switzerland with the "susse anke" (sweet butter) and bread.—London Ladies' World.

Feeding Silkworms.

The quality and quantity of silk produced by your silkworms will all depend on how you feed them. Too much food should not be given at once, but they should never be left entirely without at any time during the day or night. You must, therefore, watch carefully to get an idea of their appetite and provide accordingly, says Home Chat. Fresh mulberry leaves are the proper food for silkworms, but if at any time these are not procurable young lettuce leaves are the best substitute, but they are only a stop gap. Silkworms cannot live for a long period without their natural food.

Unmatched.

Brooks—My dear fellow, you need not thank me so profusely for a mere box of cigars. Rivers—Oh, but you gave me a box of matches with them, you remember, and they were the best matches I ever used.—Tit-Bits.

LITTLE BABY'S AWFUL HUMOR

Thin Skin Formed Over Body and Under it Was Watery Blood—When Washed it Would Burst and Break—Suffered for Weeks—Now Sound and Well—

CURED IN ONE WEEK BY CUTICURA REMEDIES

"When my little girl baby was one week old she had a skin disease. A thin skin formed over her body and under it was watery blood, and when she was washed it would burst and break. She was in that condition for weeks, and I tried everything I could think of, but nothing did her any good. When she was three months old I took her to San Antonio to see a doctor, but the doctor we wanted to see was not at home, so my sister gave me a cake of Cuticura Soap and half a box of Cuticura Ointment, and told me to use them, which I did in time. I used them three times, and the humor began to fade, and in one week she was sound and well, and it has never returned since. I think every mother should keep the Cuticura Remedies in the house. Yours truly, Mrs. H. Aaron, Benton, Texas, July 3, 1905."

WEEPING ECZEMA

"I have used the Cuticura Remedies for some years past. The Cuticura Soap we are never without, and the Ointment is the finest in the world. It has done wonders in curing my little girl of weeping eczema. Respectfully, Mrs. J. E. Mersdorff, 310 W. 3rd St., Madison, Ind., June 27, 1905."

Whole Family Swept Away.

Dahlonega, Ga., Sept. 1.—On the night of the 29th, 14 miles northeast of Dahlonega, on the Chestatee river, a cloudburst swept away H. J. Stansell's home, the entire family being drowned. Crown mountain dam was swept away also. Many farms are ruined, stock destroyed and a number of lives lost. All bridges in the district are wrecked and traffic is held up.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Storm Rages Near Barbadoes.

Washington, Sept. 3.—The weather bureau announced that a disturbance of cyclonic proportions is prevailing east of the Barbadoes. The cable report came from the observation station at Barbadoes, and as there are no reports from the other stations in the West Indies, the weather bureau is unable to determine the future course of the storm, nor its intensity. Reports locating the storm and its extent are expected to reach here later on.

Transport May Be Saved.

Washington, Sept. 3.—The quartermaster general of the army has received a dispatch from the quartermaster at Honolulu which indicates that the transport Sheridan may be saved. It says that the ship is held on the reef amidships and it is hoped she will slide off. She was going astern when the main steam pipe bursted, destroying all power. The bottom is intact. Perfect order and discipline was maintained.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

THE GOOD OLD DAYS.

Try Now the Ways of Yore and See How You Like Them.

Good old times, says the San Antonio Light, are a delusion and a snare, and the man who sighs for them has little conception of what they were. Return to them, would you? Then rise on a cold morning and wash at the pump, pull on a pair of rawhide boots that rival a tin can in stiffness, pull on a woolen shirt over your back and sit down to a bare meal with your three legged stool dancing around on a split slab floor, eat corn pone and bacon for a steady diet and labor fourteen hours out of twenty-four. Go without a daily paper, a fly screen, a mosquito bar, a spring mattress, a kerosene lamp, geehaw your oxen to market and sit on the floor of an ox cart as you wend your way to church or a frolic. Parch corn and peas for coffee and sassafras for tea and see how you like it.

The old days are looked backward to affectionately, says the Galveston News, because they were the days of our youth, of bounding blood and supple joints, the days of hope and the days of love and laughter and song. The days of the present will be the good old days of the coming generation and will be regarded by our successors as rather crude in customs and harsh in many ways, yet withal not to be despised. The progressives of our age are the mossbacks of later eras. Fifty years hence we will be accounted as slow and immature as we now regard those of half a century ago.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. JOHN BEARD AND THE 15TH AMENDMENT.

If the plans as outlined by Hon. John S Beard and his construction of the laws of the United States are correct, he will become the best known man in the Southern States and will be able to receive any office within the gift of our people.

Mr. Beard has for several years been looking up the statutes of the legality of the 15th amendment to the Contitution of the United States and has had the legal opinion of some of the ablest constitutional lawyers in our State and has his brief in such stage that he will be able to introduce a measure in the next State Senate, of which he is a member, depriving the negro of the right to vote. This, of course, will be to make a test case before the supreme court of the United States, and from the preponderance of authority already on hand by that supreme body Mr. Beard believes that the decision willl be in favor of the annullment of the 15th constitutional amendment.

The amendment reads as follows:

The right of citizens of the United States to vote shall not be denied or abridged by the United States, or any State, on account of race, color or previous condition or servitude.

This amendment if annulled would put the negro on a plane with the Chinaman, Japanese, Mexican or Indian, in that he would be debarred from voting.

Mr. Beard, who has given this subject much thought and delving, claims that the Supreme Court has already decided in a test case "that the seceding States were never legally out of the Union; that while they rebelled, they were in point of fact still component parts of the Union."

This being conceded by the court, Mr. Beard contends that as there were no members present from the South the constitutional amendment was not legally passed, as the constitution requires that any amendment must be passed by a two-thirds vote of both houses of the National Congress and ratified by three-fourths of the states.

Mr. Beard, therefore, contends that as the South at the time Congress passed the bill proposing this fifteenth amendment had no representation whatever in Congress, and that as it never went out of the Union, as the Supreme Court has decided, they were entitled to this representation, and no law was valid without a majority vote, and no law proposing an amendment to the national constitution valid or binding unless it received the vote of two-thirds of both houses, including the representation of the seceding States.

Mr. Beard further contends that the journal of the national house shows that not two-thirds are recorded as being present the day this amendment was passed, but that it was rushed through on a viva voce vote, a clear violation of the Constitution itself. In addition it required three-fourths of the State Legislatures to ratify this amendment, and the seceding States were coerced in this ratfication by the threat that they would not be given back their status in Congress unless they did ratify it, and under this coercion they did so.

Mr. Beard has had the draft of his bill for many months and it has been submitted to the best legal talent for their approval and suggestion and he expects to make this the fight of his life, and it was for this reason that he received such a flattering vote for Senator.—Pensacola News.

As a friend of Hoke Smith, Democratic nominee of Georgia, recently publicly stated through the press that in his first message to the Legislature he would recommend identically the method of disfranchising the negro as Mr. Beard proposes, The Sun would like to know whether the idea origited with Hoke Smith or John Beard. The language used above is almost identical with that credited to Hoke Smith's friend.

However, the negro is very effectively disfranchised in Florida, and The Sun sees no necessity for the passage of any such bill as that proposed by Mr. Beard. It would simply involve the State in litigation which would result in no good.

Country life has its drawbacks, but it has its great advantages which overcome them. True, those who live in the country are "Rubes" and "farmers" and "hayseeds" to the cigarette smokers in town, but the boast of the business men in the world today is that they were born on a farm. Take away the surrounding evils that beset the young men or women on the threshold of life's journey in the city, and substitute the helpful influence of nature, and you fortify them for the sterner walks in life. The few things which they do not know about table etiquette and when it is proper to leave two visiting cards and when but one, they will catch onto much quicker than the city boys and girls will learn to properly stroke the furnace or make good bread. No boy or girl need be ashamed of living on the farm, for if they have taken advantage of what it has offered they are well fortified for after life.

That young man who thinks he is poor because he has no bank account, little understands the value of God's free gift of health and strength, little appreciates the fact that the brightest and best of the country are self-made, and come to the notice of the world from just such beginnings. Not by idly moaning that they are poor, but by going carefully to work, perfecting themselves, in their chosen pursuits and becoming so useful to those about them that their services are always in demand, whether it be on the platform, in the shop or in the kitchen, for all are honorable alike.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The railroads are not fighting the drainage of the Everglades. They have everything to gain and nothing to lose by the reclamation of these lands, for it will in no way effect the result of the suit now pending in the courts to require the Trustees of the Internal Improvement Fund to deed the lands to the railroads granted them by act of the Legislature.

Notwithstanding the fact that Senator Tillman had no opposition in his candidacy for renomination for United States Senator, he was scratched by one third of the voters in the recent primary in South Carolina. The Honorable Mr. Lumpkin now no doubt regrets that he did not stay in the race against the Senator.

While the trusts by extortion increase living expenses, there is no economy in bacheriorhood. From an economic point of view, it is far easier to get along with a wife than without one. An old bachelor, who can prosper in this monopoly ruled age, is a bird, whether he can exhibit any pinfeathers or not.

This is the age of women. We find all the avocations, professions and trades of life opening their doors to admit the enterprising women. Some are going into their own, and some are going into other people's business. In our admiration for the new woman there is danger of forgetting the wife and mother and woman's true sphere as a home-maker.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

LITTLE BABY'S AWFUL HUMOR

Thin Skin Formed Over Body and Under it Was Watery Blood—When Washed it Would Burst and Break—Suffered for Weeks—Now Sound and Well—

CURED IN ONE WEEK BY CUTICURA REMEDIES

"When my little girl baby was one week old she had a skin disease. A thin skin formed over her body and under it was watery blood, and when she was washed it would burst and break. She was in that condition for weeks, and I tried everything I could think of, but nothing did her any good. When she was three months old I took her to San Antonio to see a doctor, but the doctor we wanted to see was not at home, so my sister gave me a cake of Cuticura Soap and half a box of Cuticura Ointment, and told me to use them, which I did in time. I used them three times, and the humor began to fade, and in one week she was sound and well, and it has never returned since. I think every mother should keep the Cuticura Remedies in the house. Yours truly, Mrs. H. Aaron, Benton, Texas, July 3, 1905."

WEEPING ECZEMA

"I have used the Cuticura Remedies for some years past. The Cuticura Soap we are never without, and the Ointment is the finest in the world. It has done wonders in curing my little girl of weeping eczema. Respectfully, Mrs. J. E. Mersdorff, 310 W. 3rd St., Madison, Ind., June 27, 1905."

SLEEP FOR BABIES

Rest for mothers, instant relief and refreshing sleep for skin-tortured babies, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great Skin Cure, and purest of emollients.

Sold throughout the world. Cuticura Soap, 25c., Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 60). Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Whole Family Swept Away.

Dahlonega, Ga., Sept. 1.—On the night of the 29th, 14 miles northeast of Dahlonega, on the Chestatee river, a cloudburst swept away H. J. Stansell's home, the entire family being drowned. Crown mountain dam was swept away also. Many farms are ruined, stock destroyed and a number of lives lost. All bridges in the district are wrecked and traffic is held up.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Storm Rages Near Barbadoes.

Washington, Sept. 3.—The weather bureau announced that a disturbance of cyclonic proportions is prevailing east of the Barbadoes. The cable report came from the observation station at Barbadoes, and as there are no reports from the other stations in the West Indies, the weather bureau is unable to determine the future course of the storm, nor its intensity. Reports locating the storm and its extent are expected to reach here later on.

Transport May Be Saved.

Washington, Sept. 3.—The quartermaster general of the army has received a dispatch from the quartermaster at Honolulu which indicates that the transport Sheridan may be saved. It says that the ship is held on the reef amidships and it is hoped she will slide off. She was going astern when the main steam pipe bursted, destroying all power. The bottom is intact. Perfect order and discipline was maintained.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

THE GOOD OLD DAYS.

Try Now the Ways of Yore and See How You Like Them.

Good old times, says the San Antonio Light, are a delusion and a snare, and the man who sighs for them has little conception of what they were. Return to them, would you? Then rise on a cold morning and wash at the pump, pull on a pair of rawhide boots that rival a tin can in stiffness, pull on a woolen shirt over your back and sit down to a bare meal with your three legged stool dancing around on a split slab floor, eat corn pone and bacon for a steady diet and labor fourteen hours out of twenty-four. Go without a daily paper, a fly screen, a mosquito bar, a spring mattress, a kerosene lamp, gee haw your oxen to market and sit on the floor of an ox cart as you wend your way to church or a frolic. Parch corn and peas for coffee and sassafras for tea and see how you like it.

The old days are looked backward to affectionately, says the Galveston News, because they were the days of our youth, of bounding blood and supple joints, the days of hope and the days of love and laughter and song. The days of the present will be the good old days of the coming generation and will be regarded by our successors as rather crude in customs and harsh in many ways, yet withal not to be despised. The progressives of our age are the mossbacks of later eras. Fifty years hence we will be accounted as slow and immature as we now regard those of half a century ago.

No Siren.

Mr. City Boarder was being entertained by his rural sweetheart.

"Do you play and sing 'When the Cows Are In the Corn,' Miss Milkyweigh?"

"Lord bless you, no!" she ejaculated; "I get the dogs and chase 'em out."—Harper's Weekly.

Unnatural Finish.

Mrs. Meeds—And did your husband die a natural death?

Mrs. Weeds—No, he died suddenly.

Mrs. Meeds—What was there unnatural about that?

Mrs. Weeds—Why, poor, dear John was the slowest man that ever lived.—Chicago Tribune.

The Society Way.

Duty called.

The man looked at the card lazily.

"Just say that I'm not at home," he ordered the maid.—Louisville Courier-Journal.

If thou knowest how to use money it will become thy handmaid. If not, it will become thy master.—Diodorus.

SOFTNESS OF SEALSKIN.

Is Rivaled by Human Hair Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

COMPARISONS.

As Soon as We Begin to Make Them We Begin to Suffer.

We would not have to strive so for courage if what we vaguely call "things" were more evenly distributed among us, for no one's lot would then seem to him an evil one. If we were all humpbacked or lame or blind; if every husband were unfaithful and every child a cross; if we were all poor and no man had any more than another; if nobody's son died in his early strength and nobody was loved while we sat neglected, then who of us would know what sorrows and afflictions were? We would take each of them for granted, as a Chinaman takes his yellow skin and an Indian his red one.

It is because we see our estate differing from that of our fellows that we are tempted to comparisons, and it is in the making of these comparisons that a sense of our sorrows, like the knowledge of our afflictions, is first born. How would we have known that we were poor unless we had seen some one else who was richer or that our son was unsuccessful unless the son of somebody else were making a great mark in the world? Would our little children be unhappy with only one dress had they not seen other children with two?

It comes to this, then: When we begin to make comparisons, we begin to suffer. This may seem to be a hard saying, but it is a true one.—Lillie Hamilton French in Harper's Bazar.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

"I should say not," declared the youth hastily. "I would consider it disgraceful to be seen with one of the vile things in my mouth. I think all cigarette smokers should be jailed. Why do you ask, sir?"

"Thought perhaps you could let me have one," said the old man pointedly. "I smoke 'em myself."—London Telegraph.

He Who Chews Will Know

The Proof Is in the Chewing

The wholesome flavor and delightful, appetizing aroma of the tobacco grown in the famous Piedmont tobacco belt continues to create and popularize man's fondness for chewing tobacco. Lovers of real tobacco pass the good thing along—one chewer makes another chewer—until there are now many more chewers and more pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold, than there are in the States where SCHNAPPS has not yet been offered to the trade.

Only choice selections of well matured, thoroughly cured tobaccos, grown in the famous Piedmont tobacco belt, are used in making SCHNAPPS.

That's why it has a better quality and more lasting flavor than the tobacco formerly sold to chewers at double the price they now pay for SCHNAPPS.

That's why a 10-cent plug of SCHNAPPS is more economical than a much larger plug of cheap tobacco.

That's why SCHNAPPS wins all classes of chewers: the rich, because they do not find a chew to really please them better at any price; the poor, because they get their money's worth of the real snappy chew and flavor not found in the highly sweetened mixtures. Neither the rich nor the poor wish to chew tobacco so intensely sweet that its true flavor and tooth-preserving quality are lost.

Look for the word "SCHNAPPS" on the tag, and on the plug under the tag and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the quality and bring out the flavor—the real tobacco flavor that stimulates and satisfies.

Sold at 50c. per pound in 5c. cuts. Strictly 10c. and 15c. plugs.

Escorted to Scaffold by Militia.

Canton, Miss., Sept. 3.—Lee Kingston, a negro, was hanged by Sheriff Owens, in the potter's field Friday at 12 o'clock. The crime for which the negro was hanged was murdering his wife. Company K, Third regiment, Mississippi national guard, was ordered out by the governor and escorted the negro from the jail to the scaffold.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and billiousness. 25c. Guaranteed at all drug stores.

Defendant Is Commissioned.

Portsmouth, England, Sept. 3.—The battleship Dreadnaught was commissioned Saturday within eleven months of the laying down of her keel. Although she could be utilized in an emergency, the warship will not be fully completed internally for a couple of months. Her steam and gunnery trials will be carried out in another month.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Sultan Release Brother.

Paris, Sept. 3.—A dispatch to the Temps from Tangier, Morocco, says that the sultan has released his elder brother who has been imprisoned since the death of their father. The correspondent adds that reports to the effect that it is the sultan's intention to transfer the court from Fez to the city of Morocco continue to circulate, but no confirmation is obtainable.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute.
